Yes in the FUTURE you treat me as SOB I haven't even gotten the DEATH certificate yet. And you discovered you were MURDERING in the last five minutes of the show so it was HARDLY the SUBJECT of the case yet I paid for the urn with a credit card for which I pay \$25 a month. A head to a bowl is not evidence of a fall and the son started up crying the night with me when the mother dies when I told the DFP to go find to who the case thing what a horrible disgusting thing to do.
